

# **OCMH 2023 Annual Report**

# Wisconsin Child Well-Being Indicators Dashboard

# **Indicator Descriptions and Sources**

#### **Data Notes:**

- ✓ The most recent available data at the time of print are used for 'current' statistics.
- ✓ Data from approximately five years prior are used for 'baseline' statistics.
- ✓ For details on the county health rankings used to categorize these indicators—*Health Behaviors, Social & Economic Factors, Clinical Care, Quality of Life*—please see: https://www.countyhealthrankings.org/explore-health-rankings/county-health-rankings-model.

#### **HEALTH BEHAVIORS**

## 1. Extracurricular Participation

<u>Description:</u> Percentage of Wisconsin kids (ages 6-17) whose parents reported that their child participated in an organized activity or lesson after school or on weekends. Two years combined data used.

US current year: 2020-2021WI baseline year: 2017-2018WI current year: 2020-2021

<u>Source:</u> Child and Adolescent Health Measurement Initiative. 2020-2021 National Survey of Children's Health (NSCH), Indicator 5.5, Child and Family Health Measures.

Retrieved from: <a href="https://www.childhealthdata.org/browse/survey/results?q=9465&r=51&r2=1">https://www.childhealthdata.org/browse/survey/results?q=9465&r=51&r2=1</a>.

# 2. Electronically Bullied (cyber-bullying)

<u>Description:</u> Percentage of Wisconsin students grades 9-12 who answered the following question on the Youth Risk Behavior Survey: "During the past 12 months, have you ever been electronically bullied, counting being bullied through texting, Instagram, Facebook, or other social media?"

US current year: 2019WI comparison year: 2017WI current year: 2021

2021WIHSummaryTables.pdf

# 5. Students who sleep 8+ hours on average school night

<u>Description:</u> Percentage of Wisconsin students grades 9-12 who answered the following question on the Youth Risk Behavior Survey: "On an average school night, how many hours of sleep do you get?"

US current year: 2019WI baseline year: 2017WI current year: 2021

<u>Source:</u> U.S. Centers for Disease Control and Prevention. (2021). Wisconsin 2021 Youth Risk Behavior Survey Results. Wisconsin High School Survey, 10-year Trend Analysis Report.

Retrieved from: <a href="https://dpi.wi.gov/sspw/yrbs">https://dpi.wi.gov/sspw/yrbs</a>

#### 6. Students who have experienced sexual dating violence

<u>Description:</u> Percentage of Wisconsin students grades 9-12 who answered the following question on the Youth Risk Behavior Survey: "During the past 12 months, how many times did someone you were dating or going out with force you to do sexual things (counting such things as kissing, touching or being physically forced to have sexual intercourse)?"

US current year: 2019WI baseline year: 2017WI current year: 2021

<u>Source:</u> U.S. Centers for Disease Control and Prevention. (2021). Wisconsin 2021 Youth Risk Behavior Survey Results. Wisconsin High School Survey, 10-year Trend Analysis Report.

Retrieved from: <a href="https://dpi.wi.gov/sspw/yrbs">https://dpi.wi.gov/sspw/yrbs</a>

#### 7. Students who drink alcohol

<u>Description:</u> Percentage of Wisconsin students grades 9-12 who answered the following question on the Youth Risk Behavior Survey: 'During the past 30 days, how many days did you have at least one drink of alcohol?" Indicator reflects the percentage who had at least one drink, at least one day in prior month

US current year: 2019WI baseline year: 2017WI current year: 20121

<u>Source:</u> U.S. Centers for Disease Control and Prevention. (2021). Wisconsin 2021 Youth Risk Behavior Survey Results. Wisconsin High School Survey, 10-year Trend Analysis Report.

Retrieved from: <a href="https://dpi.wi.gov/sspw/yrbs">https://dpi.wi.gov/sspw/yrbs</a>

#### 8. Teen Birth Rate

<u>Description:</u> Rate of live births to females age 15-19 per 1,000

US current year: 2021WI baseline year: 2017WI current year: 2021

Source: National Vital Statistics Reports, Vol 72, No 1, Final 2021 data, (Jan 31, 2023).

# 9. Students who Frequently Vape

<u>Description:</u> Percentage of Wisconsin students grades 9-12 who answered the following question on the Youth Risk Behavior Survey: "Do you currently use electronic vapor products frequently (on 20 ormore days during the 30 days before the survey)?"

US current year: 2019WI baseline year: 2017WI current year: 2021

<u>Source:</u> U.S. Centers for Disease Control and Prevention. (2021). Wisconsin 2021 Youth Risk Behavior Survey Results. Wisconsin High School Survey, 10-year Trend Analysis Report.

Retrieved from: <a href="https://dpi.wi.gov/sspw/yrbs">https://dpi.wi.gov/sspw/yrbs</a>

# SOCIAL AND ECONOMIC FACTORS

#### 10. Low-income Youth

<u>Description:</u> This metric is the percent of children under age 18 who live in families with incomes under 200% of the Federal Poverty Level (FPL).

US current year: 2022WI baseline year: 2017WI current year: 2022

<u>Source:</u> U.S. Census Bureau. (2022). <u>Current Population Survey (CPS)</u> Annual Social and Economic (ASEC) Supplement. The CPS is a joint effort between the Bureau of Labor Statistics and the Census Bureau.

Retrieved from: <a href="https://www.census.gov/data/tables/time-series/demo/income-poverty/cps-pov/pov-11.html">https://www.census.gov/data/tables/time-series/demo/income-poverty/cps-pov/pov-11.html</a>

#### 12. School Connectedness

<u>Description:</u> Percentage of Wisconsin students grades 9-12 who answered on the Youth Risk Behavior Survey that they feel like they belong at their school. It is a site-added question by Wisconsin and not part of the national YRBS survey.

US current year: NAWI baseline year: 2017WI current year: 2021

<u>Source:</u> U.S. Centers for Disease Control and Prevention. (2021). Wisconsin 2021 Youth Risk Behavior Survey Results. Wisconsin HS Survey, 10-year Trend Analysis Report.

Retrieved from: <a href="https://dpi.wi.gov/sspw/yrbs">https://dpi.wi.gov/sspw/yrbs</a>

# 13. School Suspensions

<u>Description:</u> This is the percentage of students who had one or more out-of-school suspensions.

US current year: 2017-18WI baseline year: 2013-14WI current year: 2017-18

Source: U.S. Department of Education. Civil Rights Data Collection [Data Analysis

Tools]. Retrieved from: <a href="https://ocrdata.ed.gov/estimations/2017-2018">https://ocrdata.ed.gov/estimations/2017-2018</a>

## 14. Trusted Adult at High School

<u>Description:</u> The following question was answered by high school students on Youth Risk Behavior Survey: "Is there at least one teacher or other adult in your school that you can talk to if you have a problem?".

US current year: NAWI baseline year: 2017WI current year: 2021

Source: U.S. Centers for Disease Control and Prevention. (2021). Wisconsin 2021 Youth Risk

Behavior Survey Results. Wisconsin HS Survey, 10-year Trend Analysis Report.

Retrieved from: <a href="https://dpi.wi.gov/sspw/yrbs">https://dpi.wi.gov/sspw/yrbs</a>

# 15. Difficulty with Friendships (social skills)

<u>Description:</u> The following question was answered by a parent or guardian on the National Survey of Children's Health: Indicator 2.6 under Emotional and Mental Health: "Compared to other children his or her age, how much difficulty does this child have making or keeping friends, age 6-17 years?" Percent includes those who answered "A little difficulty" and "A lot of difficulty." Excludes responses marked "No difficulty." Two-year combined data are reported.

US current year: 2020-2021WI baseline year: 2017-2018WI current year: 2020-2021

<u>Source:</u> Child and Adolescent Health Measurement Initiative. National Survey of Children's Health. Data Resource Center for Child and Adolescent Health supported by the

U.S. Department of Health and Human Services, Health Resources and

Services Administration, Maternal and Child Health Bureau.

Retrieved from: www.childhealthdata.org

# 16. High School Graduation Rate

<u>Description:</u> This metric is the adjusted cohort graduation rate for the number of youth whograduate in four years with a regular high school diploma.

US current year: 2021-22WI baseline year: 2017-18WI current year: 2021-22

<u>Source:</u> Wisconsin Department of Public Instruction. WISEdash Public Portal, High School Completion.

Retrieved from: https://wisedash.dpi.wi.gov/Dashboard/dashboard/19933

<u>rates</u>

# 17. Employment (Young Adults)

<u>Description:</u> The percent of youth and young adults ages 16-24 who are employed either full or part time.

US current year: 2022WI baseline year: 2018WI current year: 2022

<u>Source:</u> U.S. Bureau of Labor Statistics. (2022). Local Area Unemployment Statistics, Wisconsin. Employment status of the civilian non-institutional population in states by sex, race, Hispanic orLatino ethnicity, and detailed age.

Retrieved from: <a href="https://www.bls.gov/lau/table14afull18.pdf">https://www.bls.gov/lau/table14afull18.pdf</a> Retrieved from: <a href="https://www.bls.gov/lau/ex14tables.htm">https://www.bls.gov/lau/ex14tables.htm</a>

## 18. Age 25 and Older with a Bachelor's Degree

<u>Description:</u> Percent of adults age 25 or older who received a bachelor's, master's, professional or doctorate degree who are civilian, non-institutionalized adults.

US current year: 2022WI baseline year: 2017WI current year: 2022

<u>Source:</u> U.S. Census Bureau (2021). American Community Survey. 1-Year Estimates Table, S1501 Educational Attainment.

Retrieved from: https://data.census.gov/table?q=S1501&g=0100000US.

#### 19. Parents who attend child's activities

<u>Description:</u> The following question was answered by a parent or guardian on the National Survey of Children's Health: "How often did you attend events or activities that this child participated in, age 6-17 years?" Data is the number of caregivers who responded 'always' and 'usually' to the question. Two-year combined data are reported.

US current year: 2020-2021WI baseline year: 2017-2018WI current year: 2020-2021

Source: Child and Adolescent Health Measurement Initiative. National Survey of Children's

Health. Data Resource Center for Child and Adolescent Health supported by the U.S. Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau. Retrieved from: <a href="https://www.childhealthdata.org">www.childhealthdata.org</a>

#### 20. Family Communicates Very Well

<u>Description:</u> Percent of families that share ideas or talk about things that really matter, ages 6-17.

US current year: 2021-22WI baseline year: 2017-18WI current year: 2021-22

<u>Source:</u> Child and Adolescent Health Measurement Initiative. 2020-2021 National Survey of Children's Health (NSCH) data query. Data Resource Center for Child and Adolescent Health supported by the U.S. Department of Health and Human Services, Health Resources and Services Administration (HRSA), Maternal and Child Health Bureau (MCHB).

Retrieved from: https://www.childhealthdata.org/browse/survey/results?q=9519&r=51&r2=1.

#### 21. Foster Care Placements

<u>Description:</u> The rate of children per 1,000 entering into foster care through an intervention by the child welfare system. Types of placements include licensed family fostercare, treatment foster care, pre-adoptive foster homes, group homes and residential care centers, unlicensed relatives or non-relatives, and court-ordered placements.

US current year: 2021WI baseline year: 2017WI current year: 2021

<u>Source:</u> U.S. Department of Health and Human Services, Administration for Children and Families, Administration on Children, Youth and Families, Children's Bureau. Adoption and Foster Care Analysis and Reporting System (AFCARS) 2021 data.

Retrieved from: https://www.acf.hhs.gov/cb/report/trends-foster-care-adoption

## 22. Four-year-old Kindergarten Enrollment

<u>Description:</u> The percent of four-year olds who are enrolled in any state-funded 4K full or half-day, not including Special Education or Head Start.

US current year: 2021-22WI baseline year: 2016-17WI current year: 2021-22

<u>Source US:</u> The National Institute for Early Education Research. The State of Preschool 2022. State Preschool Yearbook.

Retrieved from: <a href="https://nieer.org/the-state-of-preschool-yearbook-2022">https://nieer.org/the-state-of-preschool-yearbook-2022</a>

#### 23. Mothers with Higher Education Degrees

<u>Description:</u> This metric is obtained from the birth record, showing the percent of births to a mother with an associate's, bachelor's, master's, or doctorate degree.

US current year: 2022WI baseline year: 2016WI current year: 2022

<u>Source:</u> U.S. Department of Health and Human Services, Centers for Disease Control and Prevention, National Center for Health Statistics, Division of Vital Statistics. Natality publicuse data 2007-2020, via CDC WONDER Online Database.

Retrieved from: <a href="http://wonder.cdc.gov/natality-current.html">http://wonder.cdc.gov/natality-current.html</a>.

#### **CLINICAL CARE**

# 24. Availability of Psychiatrists

<u>Description:</u> The total number of employed psychiatrists in Wisconsin, not exclusive to children.

US current year: NAWI baseline year: 2017WI current year: 2022

<u>Source:</u> U.S. Department of Labor. May 2022, Bureau of Labor Statistics. Occupational employment statistics, state occupational employment and wage estimates, Wisconsin. Retrieved from: <a href="https://www.bls.gov/oes/current/oes-research-estimates.htm">https://www.bls.gov/oes/current/oes-research-estimates.htm</a>

## 25, 26, 27. Availability of School Social Workers, Counselors and Psychologists

<u>Description:</u> The total number (count not ratio) of social workers, counselors and psychologists employed by school districts.

US current year: NAWI baseline year: 2019-20WI current year: 2022-23

Source: Wisconsin Department of Public Instruction. Public Staffing.

Retrieved from:

https://publicstaffreports.dpi.wi.gov/PubStaffReport/Public/PublicReport/StaffByEthnicityAndGenderReport

#### 28. Difficulty with obtaining mental health services

<u>Description:</u> The following question was answered by a parent or guardian on the National Survey of Children's Health: "How difficult was it to get the mental health treatment or counseling that this child needed, age 3-17?" Data is the percentage of respondents indicatingthat they did not have any problems. Two-year combined data are reported.

US current year: 2020-2021WI baseline year: 2016-2017WI current year: 2020-2021

<u>Source</u>: Child and Adolescent Health Measurement Initiative. National Survey of Children's Health. (2021). Data Resource Center for Child and Adolescent Health supported by the U.S. Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau. Retrieved from: <a href="https://www.childhealthdata.org">www.childhealthdata.org</a>.

# 29. Children with mental conditions who did not receive treatment

<u>Description:</u> Children, ages 3 through 17, reported by their parents to have been diagnosed by a health care provider with a mental/behavioral condition (depression, anxiety problems, or behavioral or conduct problems) who did not receive treatment or counseling. Two-year combined data are reported.

US current year: 2020-2021WI baseline year: 2017-2018WI current year: 2020-2021

<u>Source:</u> Child and Adolescent Health Measurement Initiative. National Survey of Children's Health. (2021). Data Resource Center for Child and Adolescent Health supported by the U.S. Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau. Retrieved from: <a href="https://www.childhealthdata.org">www.childhealthdata.org</a>

### 30. Doctors who did not ask about parental concerns with behavioral problems

<u>Description:</u> The following question was answered by a parent or guardian on The National Survey of Children's Health: "During the past 12 months, did this child's doctors or other health care providers ask if you have concerns about this child's learning, development, or behavior, age 0-5 years?" Data is the percentage of respondents indicating that their doctor did not ask about concerns. Two-year combined data are reported.

US current year: 2020-2021WI baseline year: 2016-2017WI current year: 2020-2021

<u>Source:</u> Child and Adolescent Health Measurement Initiative. National Survey of Children's Health. (2021). Data Resource Center for Child and Adolescent Health supported by the U.S. Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau. Retrieved from: <a href="https://www.childhealthdata.org">www.childhealthdata.org</a>.

## 31. Early Developmental Screen

<u>Description:</u> The following question was answered by a parent or guardian on The National Survey of Children's Health: "Did the child receive a developmental screening using a parent-completed screening tool in the past 12 months, age 9-35 months?" Two-year combined data are reported.

US current year: 2020-2021WI baseline year: 2017-2018WI current year: 2020-2021

<u>Source:</u> Child and Adolescent Health Measurement Initiative. National Survey of Children's Health.(2021). Data Resource Center for Child and Adolescent Health supported by the U.S. Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau. Retrieved from: <a href="https://www.childhealthdata.org">www.childhealthdata.org</a>.

#### 32. Mothers who obtained early prenatal care

<u>Description:</u> This metric captures the percent of mothers who received prenatal care within the first trimester, that is, in the first three months of pregnancy.

US current year: 2022WI baseline year: 2017WI current year: 2022

<u>Source:</u> U.S. Department of Health and Human Services, Centers for Disease Control and Prevention, National Center for Health Statistics, Division of Vital Statistics, Natality publicuse data 2016-2022 via CDC Wonder Online Database. Retrieved from:

https://wonder.cdc.gov/controller/datarequest/D149;jsessionid=197CA2CF5E70EAD1E329DE

# **QUALITY OF LIFE INDICATORS**

#### 33. ACEs: Two or More

<u>Description:</u> The following question was answered by a parent or guardian on the National Survey of Children's Health: "Has this child experienced none, one, two or more adverse childhood experiences from the list of 9 ACE's?" Two-year combined data are reported.

US current year: 2020-2021WI baseline year: 2017-2018WI current year: 2020-2021

<u>Source:</u> Child and Adolescent Health Measurement Initiative. National Survey of Children's Health. (2021). Data Resource Center for Child and Adolescent Health supported by the U.S. Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Bureau. Retrieved from: <a href="https://www.childhealthdata.org">www.childhealthdata.org</a>

#### 34. Youth Experiencing a Major Depressive Episode

<u>Description:</u> The percentage of adolescents age 12-17 who reported experiencing a major depressive episode (MDE) in the past year, excludinghomeless populations, non-civilians, or those in institutions such as jails or hospitals. Adolescents were defined as having an MDE with severe impairment if their depression caused severe problems with their ability to do chores at home, do well at work or school, get along with their family, or have a social life.

US current year: 2020-2021WI baseline year: 2016-2017WI current year: 2020-2021

<u>Source:</u> SAMHSA, Center for Behavioral Health Statistics and Quality, National Survey on Drug Use and Health. Table 32, State Prevalence Tables.

Retrieved from: <a href="https://www.samhsa.gov/data/report/2021-nsduh-state-prevalence-estimates">https://www.samhsa.gov/data/report/2021-nsduh-state-prevalence-estimates</a>

#### 35. Children who have emotional, behavioral or developmental conditions

<u>Description:</u> The following question was answered by a parent or guardian on the National Survey of Children's Health: "Does this child have a mental, emotional, developmental or behavioral (MEDB) problem, age 3-17 years?" Two-year combined data are reported.

US current year: 2020-2021WI baseline year: 2017-2018WI current year: 2020-2021

<u>Source:</u> Child and Adolescent Health Measurement Initiative. National Survey of Children's Health. (2021). Retrieved from: www.childhealthdata.org.

## 36. High school students feeling sad or hopeless

<u>Description:</u> The following question was answered by students in grades 9-12 on the Youth Risk Behavior Survey: "During the past 12 months, did you ever feel so sad or hopeless almost every day for two weeks or more in a row that you stopped doing some usual activities?"

US current year: 2019WI baseline year: 2017WI current year: 2021

<u>Source:</u> U.S. Centers for Disease Control and Prevention. (2021). Wisconsin 2021 Youth Risk Behavior Survey Results. Wisconsin High School Survey, 10-year Trend Analysis

Report. Retrieved from: <a href="https://dpi.wi.gov/sspw/yrbs">https://dpi.wi.gov/sspw/yrbs</a>

# 37. Teens seriously considering suicide

<u>Description:</u> The following question was answered by students in grades 9-12 on the Youth Risk Behavior Survey: "During the past 12 months, did you ever seriously consider attempting suicide?"

US current year: 2019WI baseline year: 2017WI current year: 2021

<u>Source:</u> U.S. Centers for Disease Control and Prevention. (2021). Wisconsin 2021 Youth Risk Behavior Survey Results. Wisconsin High School Survey, 10-year Trend Analysis Report. Retrieved from: <a href="https://dpi.wi.gov/sspw/yrbs">https://dpi.wi.gov/sspw/yrbs</a>

#### 38. Suicide Attempts

<u>Description:</u> The following question was answered by students in grades 9-12 on the Youth Risk Behavior Survey: "During the past 12 months, did you ever attempt suicide?"

US current year: 2019WI baseline year: 2017WI current year: 2021

<u>Source:</u> U.S. Centers for Disease Control and Prevention. (2021). Wisconsin 2021 Youth Risk Behavior Survey Results. Wisconsin High School Survey, 10-year Trend Analysis Report. Retrieved from: <a href="https://dpi.wi.gov/sspw/yrbs">https://dpi.wi.gov/sspw/yrbs</a>

# 39. LGBT youth seriously considering suicide

<u>Description:</u> The following question was answered by those students who identified themselves as LGB in grades 9-12 on the Youth Risk Behavior Survey (YRBS): "During the past 12months, did you ever seriously consider attempting suicide?" The YRBS reported LGB students. Transgender students have higher suicidality rates, no less than the LGB reported rates.

US current year: 2019WI baseline year: 2017WI current year: 2021
