Let's Break it Down...

EATING DISORDERS

Join the Wisconsin Office of Children's Mental Health (OCMH) as we look at the facts on eating disorders, how they are affecting Wisconsin kids, and what helps.

OCMH Senior Research Analyst Amy Marsman will **break down the data on eating disorders and summarize what is happening in Wisconsin**. We'll also hear from clinicians from Rogers Behavioral Health and Aspirus Health on their **experiences treating with young people with eating disorders.**
