

PARTNER *Reflections*

In recognition of the Wisconsin Office of Children's Mental Health's (OCMH) 10th Anniversary, OCMH partners offer reflections of the past 10 years and OCMH's contributions to children's mental health in Wisconsin.

"OCMH's role in disseminating data is shedding new light on problems. The quantitative and qualitative data are agitating peoples' thinking. People are noticing. It's disrupting peoples' thought process which should lead to improved and sustained system improvement."

▶ KEVIN MOORE, CEO – UNITEDHEALTHCARE COMMUNITY PLAN OF WISCONSIN

"OCMH has equipped my team with information to disrupt thinking about children's mental health. It's changing how leaders think and, subsequently, their behavior which is having an effect on systems. Children's Wisconsin uses our data to make system changes, for example, in our suicide prevention and suicide screening initiative. We use OCMH data to encourage the integration of physical and mental health."

▶ AMY HERBST, VICE PRESIDENT, MENTAL AND BEHAVIORAL HEALTH – CHILDREN'S WISCONSIN
